

ODERNIX ENERGY

COMPANY PROFILE

...Building Africa's Next Generation Energy, Mobility & Infrastructure Assets

Chairman/Managing Director's Message

Africa's future depends on reliable energy systems, efficient transportation networks, and resilient infrastructure capable of supporting economic growth and improving quality of life.

At Odernix Energy Limited, we are committed to developing transformative projects that address these challenges through innovation, engineering excellence, strategic partnerships, and sustainable investment models.

Our objective is to become a trusted partner in Africa's energy transition and infrastructure transformation by delivering projects that create long-term value for governments, institutions, investors, businesses, and communities.

Engr. Odera Udutchay

B.Eng, COREN, NSE, FIMS

Company Overview

Odernix Energy Limited is a specialized energy, mobility, and infrastructure development company established to develop, finance, construct, own, operate, and manage sustainable energy and transportation infrastructure projects across Nigeria and Africa.

As the dedicated energy and infrastructure subsidiary of Odernix Nigeria Limited, the company focuses on delivering innovative solutions across renewable energy, electric mobility, power infrastructure, oil and gas infrastructure, marine logistics, smart transportation systems, and industrial infrastructure development.

Odernix Energy combines engineering expertise, project development capabilities, investment structuring, and strategic partnerships to deliver bankable projects that support economic growth, energy security, environmental sustainability, and infrastructure modernization.

The company is positioned as a project developer, infrastructure investor, asset owner, operator, and long-term strategic partner for governments, institutions, investors, and private sector organizations.

Corporate Information

Company Name: Odernix Energy Limited

RC Number: 8773481

Date of Incorporation: 1 September 2025

Business Structure: Private Limited Liability Company

Parent Company: Odernix Nigeria Limited

Parent Company Incorporation Date: 27 December 2016

Industry: Energy, Infrastructure, Mobility & Engineering Services

Head Office:

29B Ndjamena Crescent, Wuse II, Abuja, Federal Capital Territory, Nigeria

Email: info@odernix.com

Website: www.odernix.com

Operational Coverage: Nigeria and Africa

Corporate Credentials

- Registered under the Companies and Allied Matters Act (CAMA) of the Federal Republic of Nigeria
- RC Number 8773481
- Specialized Energy and Infrastructure Development Company
- Engineering, Procurement and Construction (EPC) Capability
- Public-Private Partnership (PPP) and Concession Development Expertise
- Project Development and Investment Structuring Capability
- Commitment to international standards in Health, Safety, Environment and Quality (HSEQ)

Vision

To become a leading African energy and infrastructure company delivering innovative, sustainable, and transformative solutions that improve lives and drive economic development.

Mission

To develop and operate world-class energy, mobility, and infrastructure assets through engineering excellence, strategic partnerships, innovation, and sustainable investment models.

Core Values

Integrity

Conducting business with honesty, transparency, and accountability.

Innovation

Developing forward-thinking solutions that address emerging challenges.

Excellence

Delivering projects to the highest standards of quality and performance.

Safety

Maintaining a zero-harm culture across all operations.

STRATEGIC INVESTMENT SECTORS

Electric Mobility Infrastructure

- Electric Vehicle Deployment
- Fleet Electrification
- EV Charging Networks
- Campus Mobility Systems
- Smart Transportation Infrastructure
- Mobility-as-a-Service Solutions

Renewable Energy Development

- Utility Scale Solar Projects
- Mini-Grids and Microgrids
- Hybrid Energy Systems
- Battery Energy Storage Systems
- Rural Electrification Projects
- Commercial and Industrial Solar Solutions

Oil & Gas Infrastructure

- Petroleum Storage Facilities
- Tank Farm Development
- LPG Infrastructure
- CNG Infrastructure
- Midstream Development Projects
- Petroleum Distribution Infrastructure

Marine & Logistics Infrastructure

- Marine Transportation
- Inland Waterway Logistics
- Jetty Development
- Offshore Support Services
- Port Infrastructure Support

Smart City Infrastructure

- Smart Mobility Systems
- Integrated Energy Infrastructure
- Sustainable Urban Development
- Digital Infrastructure Platforms

Industrial Energy Solutions

- Embedded Power Systems
- Industrial Power Supply
- Energy Efficiency Projects
- Industrial Infrastructure Development

Services

Engineering Consulting

- Feasibility Studies
- Technical Due Diligence
- Engineering Design
 - Project Planning
- Cost Estimation

Project Development

- Project Origination
- Financial Modelling
- Investment Structuring
 - PPP Development
- BOT / BOOT Models

EPC Services

- Engineering
- Procurement
- Construction
 - Testing
- Commissioning

Operations & Maintenance

- Asset Management
- Facility Operations
- Preventive Maintenance
- Technical Support

TARGET MARKET

- Federal Government Agencies
- State Governments
- Local Government Authorities
- Universities and Educational Institutions
- Property Developers
- Industrial Parks
- Manufacturing Companies
- Oil & Gas Companies
- Transportation Operators
- Infrastructure Investors
- Development Finance Institutions
- International Development

STRATEGIC PARTNERSHIPS

- Electric Vehicle Manufacturers
- Renewable Energy Developers
- Infrastructure Investment Funds
- Development Finance Institutions
 - Equipment Manufacturers
 - Technology Providers
 - EPC Contractors
- Universities and Research Institutions
- Government Agencies
- Multilateral Organisations

ELECTRIC MOBILITY

- Electric Vehicle Deployment
- Fleet Electrification
- EV Charging Networks
- Campus Mobility Systems
- Smart Transportation Infrastructure
- Mobility-as-a-Service Solutions

RENEWABLE ENERGY DEVELOPMENT

- Utility Scale Solar Projects
- Mini-Grids and Microgrids
- Hybrid Energy Systems
- Battery Energy Storage Systems
- Rural Electrification Projects
- Commercial and Industrial Solar Solutions

OIL & GAS INFRASTRUCTURE

- Petroleum Storage Facilities
- Tank Farm Development
- LPG Infrastructure
- CNG Mother Stations
- CNG Daughter Stations
- Mobile CNG Refueling Units
- CNG Distribution Infrastructure
- Midstream Development Projects
- Petroleum Distribution Infrastructure

MARINE & LOGISTICS

- Marine Transportation • Inland Waterway Logistics • Jetty Development
- Offshore Support Services • Port Infrastructure Support

PROJECT PORTFOLIO & DEVELOPMENT PIPELINE

Smart Campus Mobility & Green Energy Infrastructure

- Smart Mobility Systems • Integrated Energy Infrastructure
- Sustainable Urban Development • Digital Infrastructure Platforms

PROJECT DELIVERY MODELS

01

PPP
Public Private Partnership

06

DBFO
Design-Build-Finance-Operate
Private entity delivers finances and delivers the project.

02

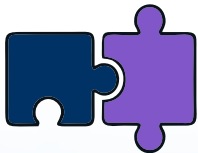

CONCESSION
Odernix Energy operates an asset or service for a specific period of time

07

EPC
Engineering Procurement Construction
One entity delivers end to end

03

JOINT VENTURE
Two or more parties combines to deliver a project

08

OP
Outright Purchase
Direct acquisition of infrastructure assets, equipments, energy systems & other related facilities by clients.

04

BOT
Build-Operate-Transfer
Odernix energy builds and operates, then transfers ownership

09

LTO
Lease-To-Own
Use the asset through lease payments with the option to own at the end of the term.

05

BOO
Build-Own-Operate
Odernix Energy builds, owns and then operates indefinitely

2026–2030 STRATEGIC ROADMAP

Driving Sustainable Infrastructure. Powering Africa's Future.

WHY PARTNER WITH ODERNIX ENERGY?

Driving innovation, infrastructure, and sustainable long-term energy growth

01  **ENGINEERING EXCELLENCE** ✓
World-class technical execution

05  **SUSTAINABLE INVESTMENT APPROACH** ✓
Long-term environmental and financial value.

02  **STRATEGIC INFRASTRUCTURE FOCUS** ✓
Built for scalable energy growth

06  **LONG-TERM OWNERSHIP VISION** ✓
Focused on enduring returns

03  **STRONG PROJECT CAPABILITY** ✓
From concept to completion

07  **EXPERIENCED LEADERSHIP** ✓
Industry-driven expertise and insight

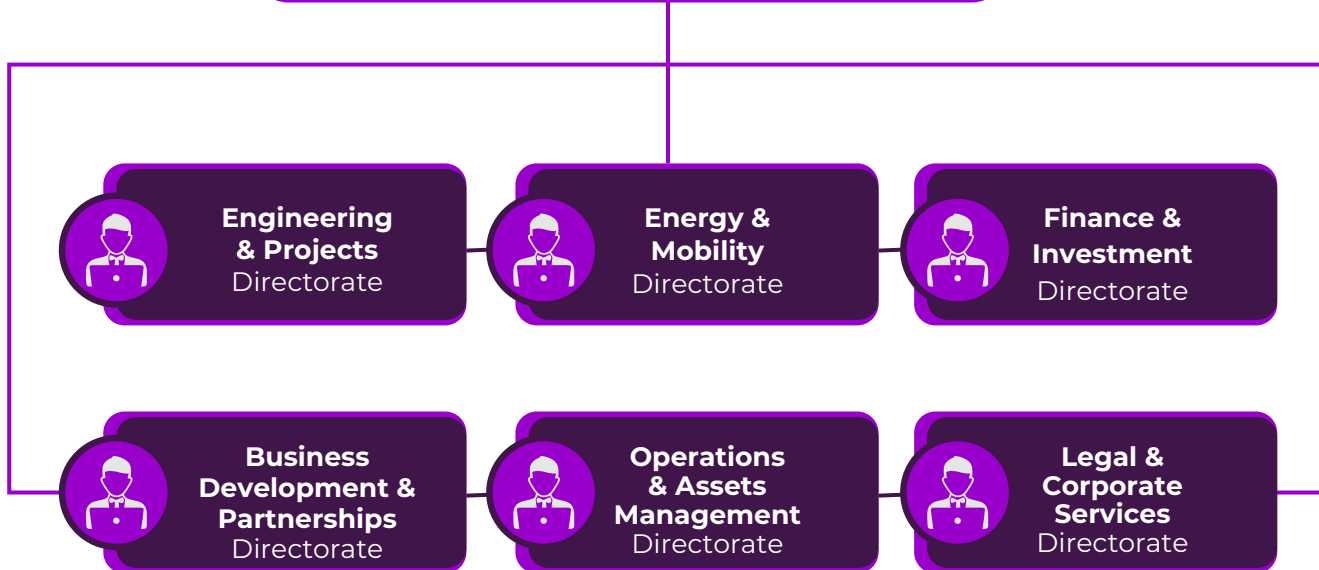

04  **FLEXIBLE PARTNERSHIP STRUCTURES** ✓
Solutions tailored for investors

01  **COMMITMENT TO INNOVATION AND VALUE CREATION** ✓
Future-focused energy solutions
